

*Too many meetings suck.*

*Too many  
teams waste  
their potential.*

# **Pandemonium Diagnostic™**

## ***The Symptoms***

- Dominant/weak participation
- Over-advocacy
- The wrong type of conflict

## ***The Causes***

- Misguided stereotypes
- Hierarchical misconceptions
- Argumentation bias

## ***The Consequences***

- Managerial problems outnumber business solutions
- Everyone is frustrated
- Execution suffers

It will only take 60'

# Pandemonium Diagnostic™

This is how long a trained Pandemonium Observer will need to attend one of your meetings in full confidentiality and provide you with immediate and actionable feedback on the three critical factors of team effectiveness.

Here is what past Pandemonium Management™ participants had to say:

*"It is amazing how much input is generated."*

*"It helped me tie my team together."*

*"Feedback is not painful at all."*

*"It was an eye-opener."*

**No more waste!**

# **Pandemonium Diagnostic™**

The **Pandemonium Diagnostic™** is a super-efficient approach to identifying the soft spots of a team's dynamics. Based on the famed *Pandemonium Management™*, it sheds light on a team's improvement opportunities using hard facts only in a fresh new way. On-the-spot team feedback is depersonalized, yet always surprising, even fun and totally energizing. **The team will be able to work better together right away!**

Find out where your team stands and how to take it higher! Book a **Pandemonium Diagnostic™** session as part of one of your next management meetings.
